

FESTO

**Memorandum of Understanding
Between
Rajamangala University of Technology Phra Nakhon
And
Festo Didactic SE**

This memorandum of understanding is signed at Rajamangala University of Technology Phra Nakhon on August 9, 2016 between Rajamangala University of Technology Phra Nakhon hereinafter referred to as RMUTP and Festo Didactic Ltd. hereinafter referred to as Festo. The purpose of this memorandum of understanding is to create academic collaborations in order to support cooperative education program or vocational experience training program of Engineering. Both parties hereby agree as follows:

Principle

The National Education Act B.E,2542 (1999) of Thailand focuses on the development and collaborative support between government and private sectors in order to create efficient education in producing human resources in accordance with the demands of business sectors. Faculty of Engineering, Rajamangala University of Technology Phra Nakhon has developed Bachelor of Engineering (Mechatronics Engineering) and Master of Engineering (Sustainable Industrial Management Engineering).

Festo Didactic Ltd. has seen the importance of manpower development to be skillful and competent to match the growing demands in the industry, Festo Didactic provides collaboration to RMUTP which is an educational institute producing effective hands-on graduates to support S - curve and New S - curve Industry.

Objectives

To support and develop consistently and systematically the students of RMUTP in order to meet the demands of business sectors.

Both parties have agreed the provisions and conditions as follows:

1. Collaborations

Festo Didactic shall provide collaboration to RMUTP in producing and developing students. The details are as follows:

- 1.1 provide cooperative education program to the students of RMUTP
- 1.2 provide vocational experience training program to the transferred students of RMUTP
- 1.3 publicize the cooperative education program

The responsibilities belong to the committees consisting of the representatives of RMUTP and the representatives of Festo Didactic. The duty of the committees is to create policies and administration in accordance with this MOU

2. Responsibilities of the committees

- 2.1 provide collaboration in curriculum development and cooperative education
- 2.2 provide collaboration in training program for instructors and academic staffs

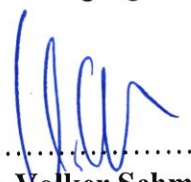

3. Duration

- 3.1 The collaboration commences from academic year 2016
- 3.2 The termination of this collaboration, if any of the parties wish to terminate this collaboration, that party shall notify other party in writing at least a month ahead and shall take responsibility for the students who are under cooperative education program until it ends. The collaboration commences from academic year 2016

4. Collaboration agreement

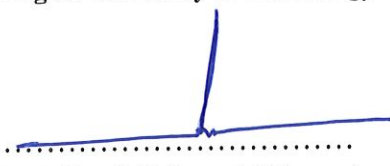

This MOU is to express intentions and sincerity of both parties by strictly following the agreement specified herein concerning cooperative education development. The parties to this MOU hereby confirm their agreement to its terms by the following signatures:
