Accordingly, the implementation of each exchange program based on this agreement shall be separately

examined and determined by both universities. There is no financial implication on either side on account of this memorandum of understanding.

4. This agreement is not intended to be a legally binding document. It is meant to describe the nature and to suggest the guidelines of the cooperation described above. Nothing therefore shall diminish the full autonomy of either institution, nor will any constraints be imposed by either upon the other in carrying out the agreement.
